

Swim Athlete Immunity

Vitamin C Foods

Vitamin A Foods

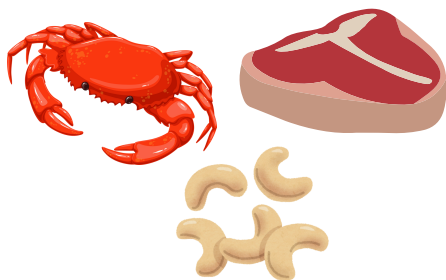

Probiotic-rich Foods

Salmon 2-3x/week

Manuka Honey

Zinc Foods

Pre-biotic Fiber

Bone Broth

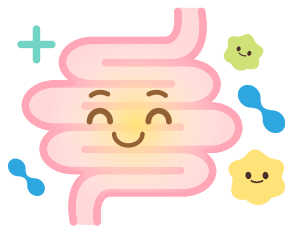

FUEL

Vitamin C + Zinc upon onset
of symptoms + duration of sickness

Supplement Fall-Spring
(1,000-2,000IU usually safe to start, but it's
imperative to get levels checked)

Strain-specific probiotic (i.e.
bifidobacterium, lactobacillus,
sacchromyces boulardii)

SUPPLEMENTS

(after evaluation with
sports nutritionist)

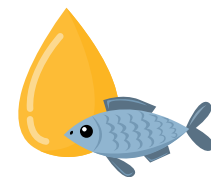

Iron (ONLY if deficient)

Magnesium
(bisglycinate typically recommended)

PHGG (Partially Hydrolyzed
Guar Gum)

Omega-3 fatty acids
(DHA + EPA, 1-2g/day)

Adequate Hydration + Calories
(include electrolytes, fuel for growth + activity)

Quality Sleep
(8-10+ hours)

Reduce Stress
(i.e. time management, time with loved ones, full recovery day, etc)

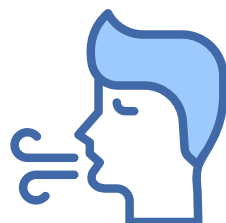

LIFESTYLE

Humidifier at night
(winter months)

Breathwork
(i.e. box breathing,
deep belly breathing)

Lotion as a protective barrier
